

On the Road

To Bylong Valley Way with Graeme Bright

Hi All

Met at Macca's Richmond (Sunday 14th March), we had a good rollup considering we had members at the AGM. We left at 7.45 with eleven bikes, two of which were visitors from Nepean and 1 potential new member.

Weather was looking threatening but we pushed on up the Putty Rd, slippery in several spots due to drizzle and some low fog to add to the fresh morning air.

We stopped at the old halfway house for a pit stop which is now a burnt out memory.

Our next stop was Bulga which was a refuel for riders and bikes and on with the wet weather gear. We left Bulga and headed for Denman for another brief leg stretch and fuel for some that didn't pick up fuel at Bulga.

From Denman we then joined the Bylong Valley Way which bought on some more rain briefly. We arrived in Bylong around Midday from another pit stop for bikes and riders.

We met a group of 15 riders at Bylong who were on their way back to Perth, they had sent their bikes over in a container to Brisbane and were riding back home, a bit like our AGM in reverse.

We left Bylong for a fine run into Rylstone for lunch at the Globe hotel. After lunch we left Rylstone for our final leg home, some of us chose the Bell Line while others took the Mountain trip.

560 Klm's and 9 hrs later we were back at Maccas' Richmond.

Cheers
Graeme (Brighty) Bright
